THEY DON'T LIKE BRECKONS' WAYS

DEFENDANTS IN LUMBER TRUST CASE ASK JUDGE DOLE TO ADMONISH HIM.

Defendants in the Lumber trust case this morning asked Judge Dole to admonish United States District Attorney against publicly stating his conclusions as to the testimony in that case now being taken before Commissioner Hatch, on the ground that as yet it is not evidence and would not become evidence until it was presented in court.

The defendants also brought to the attention of the court practices on the part of the United States Attorney as to methods of securing and presenting testimony which they claimed were improper practice. They claimed that having called for a certain letter in Hackfeld's letter book, and the witness having produced it, he read in addition another letter in the same book against the consent and protest of the witness. Judge Dole held with the defendants as to the impropriety of the District Attorney's action. They don't like Breckons' ways.

SHIP LOCH GARVE
SAVED FROM REEF

S. S. LIKELIKE AND TUG INTREPID HAVE HOLD WHEN SHE IS FLOATED.

The British ship Loch Garve, which went on the Kamalo reef, Molokai, Monday morning, mistaking the Palolo channel for the Kaiwi channel, was pulled off at 5:30 o'clock last evening. When she came off the S. S. Likelike and the tug Intrepid had hold of her. The United States Revenue Cutter Manning had parted her line and left. The S. S. Likelike had gone about her business on her Maui run.

The sea roughened up a bit during the afternoon and the ship moved enough in the swell, rendering pulling easier. She came off gradually. The Intrepid left and the Likelike towed her here, bringing her into port early this afternoon.

TOLSAN IS IN
DISTRESS AGAIN

GERMAN STEAMSHIP PUTS INTO HONOLULU FOR SECOND TIME. MACHINERY BROKE DOWN.

The German tram steamship Tolsan, Captain Johnson, has again put back from sea in distress to this port, arriving off the harbor at daylight today. She broke her air pump plunger and is forced here for repairs.

Owing to the fact that she left Moll, Japan, without the proper health papers she will be kept in quarantine while here, being docked at the quarantine wharf where her machinery will be repaired.

She is bound for Guaymas, Mexico, and Seattle, Washington and put in here a week or so ago in distress, her water having become brackish. On that occasion she took in water from a tender off port and proceeded on her voyage only to suffer a serious break in her machinery and be compelled to return to Honolulu, the nearest port.

SOCIETY CIRCUS
COMING TO TOWN

STUPENDOUS HIPPODROME SENSATION PLANNED BY ELKS FOR SOMETIME IN JULY NEXT.

More stupendous than anything of the kind ever before known to the Sandwich Island, alias the Paradise of the Pacific, alias the Territory of Hawaii, will be the monster and wonderfully unique hippodrome which will take Honolulu by the ears and eyes and nerves somewhere in the neighborhood of the Glorious Fourth of July.

The B. P. O. E., which perhaps means the Best Performers on Earth, alias the Elks, will on Uncle Sam's birthday or some other old day, perpetrate the most exciting and entertaining spectacular sensation that ever set fire to a bill-board or screamed from the headlines of the press.

Last night the Elks herded and plotted for the prodigious society circus. It has leaked out that there are to be chariot races such as made old Nero quit fiddling and sit up; weird and strange animals, including elephants, Teddy bears and Welsh rabbits; gradatorial contests and double-jointed peanuts; lemonade that blushes when you put your lips to the glass and a choice collection of side-shows, midways, pikes and hanging gardens.

The place of holding forth has not been settled on, but the Elks have their eyes on the old fish market structure near the naval station.

Open Stock Dinner
Ware Patterns

Before the advent of the "open-stock" idea in dinnerware one had to buy dinner sets of fixed composition as made up by the manufacturer. When you broke a piece it took months to obtain one to match it—frequently it was an impossibility.

From an open-stock pattern you can nowadays build up a set from a small initial purchase or you can buy a complete set. And we can replace any breakage instantly—because we carry the patterns in bulk, not as sets. See the point?

Many new patterns recently added.
